The Future of Logging?

Old-growth logging much diminished.

- Changing attitudes in rural communities.
- Effects on deer habitat and populations.
- Sealaska Corporation ended logging program.

Transition to 2nd growth logging.

- Most 2nd growth not commercially viable yet.

Federal Subsistence

- Southeast RAC deliberate in pursuing rural harvest priority for ungulates.
 - GMU 2 deer - state bag limit reduction.
 - Berners Bay moose - claimed 25% of draw permits.
 - Elk - GMUs 1-4 year-round season except Etolin & Zarembo.
 - GMU 3 moose - proposal for 20 any-bull draw permits withdrawn due to disagreement among rural communities.
 - GMU 4 deer - state bag limit reduction.
 - ADF&G released draft comments to public, made video.
